EXHIBIT SYNOPSIS

CATS, CATS and more CATS

PURPOSE OF THE EXHIBIT

A glimpse at a topical collection of domestic cats and all the characteristics of cats that can be focused on in a collection.

SCOPE

A philatelic study of the cat through stamps, postcards, cachets and envelopes.

ORGANIZATION AND EXHIBIT CHALLENGES

Materials used in this exhibit include worldwide stamps featuring cats, souvenir sheets, postcards, and postal envelopes. With a collection of 5000+ stamps, selecting stamps to define different characteristics of cats was a challenge.

MATERIAL HIGHLIGHTS

Cachet envelopes are part of a collection received from Ace Cover Exchange (ACE) members.

Only recently started adding souvenir sheets to my collection. The artistic addition to a simple cat stamp gives so much realism to the cat in its natural surroundings.
